

## Call for Workshop and Tutorial Proposals

**PROPOSAL DEADLINE: 19 JANUARY 2007**  
**IN PDF OR MS WORD TO [proposals@miccai2007.org](mailto:proposals@miccai2007.org)**  
**NOTIFICATION OF ACCEPTANCE: 16 FEBRUARY 2007**

**The Workshop and Tutorials Chair** invites proposals for workshops to be held in conjunction with the main MICCAI 2007 conference.

**MICCAI 2007**, the 10th International Conference on Medical Image Computing and Computer Assisted Intervention, will be held from 29 October to 2 November 2007 in Brisbane, Australia.

**Workshops and tutorials** of half or full day duration will be held on either Monday 29 October or Friday 2 November 2007 at the MICCAI 2007 venue, the Brisbane Convention and Exhibition Centre.

**The purpose of workshops** is to provide a comprehensive forum on topics which will not be fully explored during the main conference by discussing technical and application issues in depth.

**The purpose of tutorials** is to provide educational material for training new professionals in the field including students, clinicians and new researchers.

**Proposers** must supply justification for the relevance and viability of intended workshops/tutorials to allow competitive selection.

**MICCAI 2007 organisers** will collect workshop/tutorial registrations and fees, provide facilities, arrange catering and (optionally) printing of the workshop proceedings.

**Guidelines** on how to submit a workshop/tutorial proposal are available at [www.miccai2007.org](http://www.miccai2007.org).

**Specialised topics** to be addressed in MICCAI workshops/ tutorials may be sub-topics of the main conference topics, or may be computational or clinical aspects which cross-over several of the major conference topics.

- General medical image computing
- Computer assisted interventional systems and robotics
- Visualisation and interaction
- General biological and neuroscience image computing
- Computational anatomy (statistics on anatomy)
- Computational physiology (virtual organs)
- Innovative clinical and biological applications

Detailed information on the major conference topics is available from [www.miccai2007.org](http://www.miccai2007.org)

**Proposals** and any related questions should be sent to [proposals@miccai2007.org](mailto:proposals@miccai2007.org)

## How to submit a workshop/tutorial proposal for MICCAI 2007

### Format

The workshop/tutorial format is a single stream of oral presentation of papers followed by questions or discussion. Panel sessions may also be included. Poster sessions may also be held concurrently with the workshop/tutorial. The duration of a workshop/tutorial will be either half (09:00-13:00 or 14:00-18:00) or full day (09:00-18:00) and includes morning tea, lunch and afternoon tea, as appropriate, where further exchange and discussion can continue informally.

### Submission

Workshop/tutorial proposals must be submitted by email in PDF or MS Word to [proposals@miccai2007.org](mailto:proposals@miccai2007.org) by 19 January 2007. Proposals should provide sufficient information to evaluate the relevance and importance of the topic, and the size of the interested community. Prospective workshop/tutorial organisers must follow the guidelines in submitting a workshop/tutorial proposal and are encouraged to contact the organisers should any questions arise at [proposals@miccai2007.org](mailto:proposals@miccai2007.org).

### Budget

MICCAI 2007 will not pay for registration, travel, or other arrangements for workshop/tutorial organisers or any of their invited guests. All participants, including workshop/tutorial organisers, must register for the workshop.

### Organisation

The workshop/tutorial organisers must arrange for advertising of the workshop/tutorial, submission and reviewing of papers, notification of acceptance, compilation of the workshop/tutorial program, and print ready layout of the proceedings.

### Venue

The venue for the workshop/tutorial will be the Brisbane Convention and Exhibition Centre and onsite services and catering arrangements will be organised by the MICCAI 2007 organisers.

### Guidelines

Workshop/tutorial proposers are requested to submit a 1-2 page proposal in PDF or MS Word format and include:

- Title and brief (150 words) outline of workshop/tutorial topic scope
- Name/s and contact details (email, telephone number, postal address, webpage) of workshop organisers
- Workshop academic objectives and justification of relevance to MICCAI
- Workshop/tutorial format plans
- Anticipated number of participants with reasons (or numbers from previous workshops/tutorial)
- Names of invited speakers or anticipated major contributors
- Space requirements and special equipment or technical support needed

Workshop/tutorial organisers are strongly encouraged to negotiate a special edition journal for the best papers in the workshop.

### Important Dates

|                  |   |
|------------------|---|
| 19 January 2007  | Workshop/tutorial proposals                                     |
| 16 February 2007 | Notification of acceptance of workshop/tutorial proposals       |
| 2 March 2007     | Call for submissions to workshops/tutorials                     |
| 30 March 2007    | Deadline for submission of full length workshop/tutorial papers |
| 1 June 2007      | Acceptance of workshop/tutorial papers                          |
| 29 October 2007  | Tutorials/workshops   |
| 2 November 2007  | Workshops/tutorials   |

Please avoid sending electronic proposals exceeding 2 MB.
